### **About the Instructor!**

Taylor Shank is a Stephen F. Austin State University graduate with a Bachelor of Science in Dance with an emphasis in Secondary Education. She began her dancing career at the age of 3 at a local dance studio in her hometown of Katy, TX. She graduated high school from Cinco Ranch High, where she was a member of the Cougar Stars Drill Team. She was a line member for 1 year and a dance officer for 2 years. Her love and passion for dance has continued to our studio, Progressions Performing Arts. She is a new member of our staff and will oversee the drill team camp, and our younger kid's classes this summer. We hope that you will be able to attend this summer's dance camp and allow her to share some of her passion and knowledge of dance with your students!
